RE: Proposed FY23 Annual Budget & FY24 Budget Request

MIDC Internal Operating Procedures require the Executive Director to "prepare a proposed annual budget for Commission approval no later than the August meeting of the preceding fiscal year." MIDC IOP, Sec. III(A)(3).

This memo two main parts: 1) an overview of the FY23 budget process and a proposed spending plan for the year and 2) a proposed request to the State Budget Office for the FY24 budget.

Section 1: FY 23 OVERVIEW

Budget planning for Fiscal Year 2023 began in the late summer/early fall of 2021. Like the previous year, unknowns surrounding COVID-19 impacted the State's budget planning, but there was a focus on returning back to work and looking towards the future of the "new normal." Simultaneously, the MIDC was also entering a phase of planning for the future, as former Executive Director Loren Khogali departed in July 2021 and Marla McCowan assumed the role of Interim Executive Director immediately thereafter. I was hired as the new MIDC Executive Director in late November and began officially in early January 2022.

On July 20, 2022, Governor Whitmer signed the FY23 budget, signaling the end of the state appropriations process for this year. The FY23 budget matches the initial Executive Budget Recommendation, including full funding for all grants to local funding units and internal operational requests. In total, the State appropriated \$148,917,400 for the MIDC grants line item and \$2,763,000 for its operations line item. A FY23 spending plan has not yet been created, however the items below represent the anticipated needs for the next year. MIDC staff will be working with the LARA team to finalize a plan in the coming weeks.

MIDC Operations Line Item

The final FY23 budget is an overall increase of 2% or \$68,600 from the current fiscal year. This appropriation reflects an increase compared to the current fiscal year due to increased costs in employee wages and benefits. No other major operational needs or changes were anticipated.

Despite the small increase for FY23, the MIDC is on track to underspend its current operational budget by about \$200,000. This amount remains due to significant staff transitions, including the positions of Executive Director, South Central Regional Manager, Senior Regional Manager (new for FY22), Grant Analyst (new for FY22), and Research Analyst. By Oct. 1, all FTEs are expected to be filled and underspending is not expected for FY23.

- <u>Employee Wages and Benefits</u>: This is the most significant portion of MIDC's budget. MIDC is allocated 16.0 FTEs. The FY23 budget assumes full-year funding of 15 FTEs. There is currently one staff vacancy (Research Analyst) and it is anticipated this position will be filled prior to October 1. State employees will receive a COLA 5% increase in salary. Several MIDC staff members are eligible to receive automatic step increases and/or longevity paygments pursuant to the Michigan Civil Service Commission's schedule, estimates for these increases is included in these lines.
- <u>Travel (employee and commissioner)</u>: Most travel costs are regional staff traveling statewide for meetings with local funding units and court watching. COVID-19 still restricts some staff travel; however, many meetings have transitioned back to in-person and courts no longer consistently provide virtual access. Similarly, temporary restrictions on the Open Meetings Act ended in early 2022, requiring Commissioners to participate in MIDC meetings in-person unless a valid exception exists. FY23 anticipates similar travel needs as the current year.
- <u>Lease</u>: MIDC staff relocated to the Ottawa building in September of 2020. The cost of the lease in the Ottawa Building is \$43,000.44 annually (\$3,583.37/month).
- <u>Contracted Services</u>: The MIDC has three current contracted vendors. The FY23 budget reflects continuance of these contracts, funded in combination with encumbered FY22 dollars and work project funds.
 - Experis assists the grant team with financial auditing and review of grant expenditures. Current year expenses plus encumbered dollars through the end of FY23 total \$259,200. Due to the nature of the work with Experis, we were able to use the remaining balance of a 2018 work project fund to cover the bulk of this contract together with available FY22 funding.
 - Elefant, LLC website developer, server host, and annual site maintenance. Current expenses reflect \$5,231.35 with an expectation of encumbering an additional \$16,320 of FY22 funding into the next year.
 - MKG Law Office, LLC aids in assessing system needs for anticipated expansion of youth defense standards. This contract was just finalized in July and \$49,800 is expected to be encumbered from FY22 into the next year.

MIDC Grants Line Item

The FY23 budget allocates \$148.9 million for grants to local systems to fund compliance with minimum standards 1-5 and the Indigency Standard. This allocation is comprised of general fund dollars and an estimated \$300,000 from local indigent defense reimbursement. Despite the

implementation of Indigency Standard in FY23, it is the same amount appropriated for the current year. Implementation costs of this new standard are not estimated to be significant.

To date, 101 of 120 compliance plans and cost analyses have been fully approved by the Commission, totaling \$140,559,876.99 in state grant funding. As has been the case for past Fiscal Years, it is more than likely the State FY23 appropriation will be less than the Commission approved FY23 grant totals. To compensate for this difference, it is expected that unexpended funds reported by the local funding units will exceeded the gap in appropriated and approved funding. While MIDC continues to reconcile FY22 reporting, the estimated unexpended balance for FY20 is upwards of \$50 million. Again, as in past years, the significant unexpended balance appears to be largely related to the impact of COVID on the courts and the criminal legal system as well as lingering start-up costs for new local programs.

Other Aspects of MIDC Budget

- <u>Work Projects</u>: The MIDC has two work projects that can only be used "to support local court system's compliance plans, as approved by the Michigan Indigent Defense Commission, for services provided to the indigent population in accordance with approved minimum standards for indigent defense." Put plainly, these funds are created by unexpended grant dollars. Work projects must be renewed by the legislature each year but can only be renewed for up to 4 years. The MIDC maintains:
 - A 2020 work project with a balance of \$5,816,065 reflects the amount remaining after funding was distributed for FY20 compliance grants.
 - A 2021 work project with a balance of \$33,500,000 reflects the amount remaining after funding was distributed for FY21 compliance grants.

Due to expected unexpended FY22 grant dollars, the MIDC staff will work with LARA to create an additional 2022 work project. This total will be updated after the close of the Fiscal Year.

• <u>Federal Grants</u>: In FY22, the Commission was awarded a federal Byrne JAG grant through the Michigan State Police to fund a statewide intensive trial skills training program for attorneys. That grant, totaling approximately \$250,000 will end September 30. MIDC has been invited to apply for an FY23 Byrne JAG grant.

Section 2: FY24 MIDC BUDGET REQUEST

Beginning in August of every year the MIDC must submit a request for budget needs of the fiscal year 2 years in advance.

Planning for Fiscal Year 2024 begins a new phase in the evolution of the MIDC. In FY24 the Commission will continue to meet its statutory responsibilities required by the MIDC Act, including enforcing its 8th Standard on attorney compensation. The Commission is also likely to begin expansion of its work to include standards for defending youth in the juvenile justice system.

The MIDC has the authority and duty to hire "an executive director and determine[e] the appropriate number of staff needed to accomplish the purpose of the MIDC consistent with annual appropriations." MCL 780.989(1)(c). The Commission has also authorized and assigned the executive director with the duties of "[e]stablishing an organizational chart, preparing an annual budget, and hiring, disciplining, and firing staff." MCL 780.989(1)(d)(i).

MIDC Staff are actively working directly with LARA and SBO on crafting a FY24 proposal. As such, details of staffing levels and operational expenses are not yet final. However, based on current needs and changes on the horizon the MIDC should, at a minimum, request to double its operations budget by FY24.

Meeting Current MIDC Act Requirements

Fully implementing the MIDC Act is a key to part of the public safety goals in Governor Whitmer's FY20 – FY25 strategic plan. Specifically, one of the core tactics to ensure the Governor's goals of providing and improving public safety is to "implement and fund approved programs for indigent defense services, assuring equal access to justice."

On May 18, 2022 Director Hawks wrote to the MIDC, affirming the Executive Committee's request to prioritize Standard 8 for FY24. The MIDC staff provided LARA with a fiscal analysis of Standard 8 and a range of estimated implementation costs. In the coming weeks, the MIDC and LARA will be working with the SBO to identify the correct dollar amount.

The MIDC has significant responsibilities as stewards of hundreds of millions of taxpayer dollars. Each year not only have the dollar amounts grown, the grant complexity has as well. Every time a new MIDC Standard is required of the 133 local systems, the annual compliance requirements, grant auditing and review, and overall need for technical assistance increases accordingly. Yet, the MIDC staffing levels are essentially the same as they were in FY19, despite a dramatic increase in responsibilities. To best protect the State's hundreds of millions of dollars invested in indigent defense systems and ensure all the current statutory requirements in the MIDC Act are met, MIDC staffing levels need to be increased.

Additionally, the MIDC Act permits local systems to request the MIDC "develop and operate a system for determining the need and availability for an expert or investigator in individual cases." MCL 780.991(5). As local systems have embraced and implemented MIDC's Standard on expert and investigator use (Standard 3), the requests for such services have increased since FY19 by 49% statewide. The MIDC has not yet developed a system to support local systems in this manner due to staffing and operational shortages.

Anticipated MIDC Act Expansion Needs

On top of what is needed to ensure current mandates are met, efforts to amend the MIDC Act to include standards on the delivery of indigent defense services for youth in the juvenile justice system are well underway. This is a monumental change to both the MIDC as an agency and to the State of Michigan.

Executive Order 2021-6 established the Michigan Task Force on Juvenile Justice Reform, a 23-member bipartisan group chaired by Lt. Gov. Gilchrist and charged with analyzing the state's juvenile justice system and recommending "proven practices and strategies for reform grounded in data, research, and fundamental constitutional principles." The Task Force released recommendations on July 18, 2022 calling to "expand the MIDC to include development, oversight, and compliance with youth defense standards in local county defense systems." More specifically, the recommendation states that

"MIDC shall align current and/or develop new standards with specific considerations for the representation of youth in the juvenile justice system, including requirements for specialized training for juvenile defenders on trauma, youth development, and cultural considerations, scope of representation and role of counsel, and other key standards." (Task Force Report at 13).

Immediately following these recommendations, Rep. Sarah Lightner (also a member of the Task Force) introduced HB 6345 to memorialize these best practices.

When the MIDC Act is expanded, the Commission and its staff must be prepared to act. Fortunately, the MIDC has a successful history of creating and implementing standards statewide, and many lessons are already learned. However, the practice of defending adults in the criminal legal system is uniquely different than defending children in the juvenile legal system. New staff and with such specialized skill sets are required to ensure this work can be done.

Re: Proposed language to grant contracts for systems using a nonprofit public defender office

Date: September 28, 2022

At the December 2021 Commission meeting, the Office of Internal Auditing Services (OIAS) submitted a report and recommendations designed to assist the MIDC "with improving its guidance to local systems for managing financial oversight of subgrantees, including nonprofit public defender offices, in compliance with PA 0214 of 2018 and other applicable policies and procedures, laws, regulations, and guidelines." The OIAS report included two recommendations where improvement is needed:

- MIDC should update its grant agreement template to include nonprofit public defender offices under its definition of subgrantees.
- MIDC should enhance existing guidance to specify the monitoring activities local systems are required to perform to ensure subgrantees comply with the terms and conditions of the grant agreement.

Proposed language recommended to resolve concerns identified by OIAS is as follows:

Where the Grantee uses a nonprofit entity to provide indigent defense services as contemplated in its compliance plan and cost analysis, this relationship is described as a subrecipient or subgrantee. The Grantee shall ensure that the contract or agreement defining the relationship with the nonprofit entity allows for reasonable access, in its sole discretion, to financial records for monitoring by the Grantee and its representatives.

A Subgrantee is required to comply with all conditions and restrictions applicable to the award given to the Grantee. The Grantee is responsible for ensuring a Subgrantee's compliance to the award's conditions and restrictions. A Grantee must require a Subgrantee to do the following:

- Provide appropriate progress and financial reports to the Grantee;
- Be accountable to the Grantee for how it uses the State funds provided under the subaward;
- Follow applicable State rules regarding financial management, internal controls, cost principles, and audit requirements;
- Collect and provide performance data for the Grantee to include in its reports.

This proposed language would be added to section 2.2 of the FY23 grant contracts between the MIDC and the following funding units:

- 1. Alpena County
- 2. City of Wyoming (also covers Grandville, Kentwood, Walker)
- 3. Houghton County (also covers Baraga/Keweenaw)
- 4. Iron County
- 5. Kalamazoo County
- 6. Kent County
- 7. Montmorency County
- 8. Saginaw County
- 9. Wayne County

1.4 Payment Schedule

The maximum amount of grant assistance approved is xxxx

Grantee must report and certify to Grantor by October 31st of each year the balance of any unexpended indigent defense grant funds from the prior fiscal year grant plus any interest earned on the advancement of the state grant funds in the previous fiscal year. Any funds from the previous fiscal year contained in an approved extension of the previous fiscal year's grant for projects that will be completed after September 30, 2022 will be carried over into the current fiscal year and shall not be considered unexpended funds, nor be included in the balance of unexpended funds. The maximum amount of grant assistance approved includes the unexpended funds reported from the previous fiscal year.

An initial advance of 25% of the State Grant shall be made to the Grantee upon receipt by the Grantor of a signed Agreement. The Grantor shall make subsequent disbursements of up to 25% of the total state grant amount in accordance with the following schedule:

25% disbursement – January 15, 2023

25% disbursement – April 15, 2023

25% disbursement – July 15, 2023 (final payment)

The above schedule of disbursement of funds is contingent upon receipt of quarterly reporting as addressed in this section and section 1.5 of this document. Any disputed matters shall not cause delay in remitting any disbursements or in issuing a grant contract and funds for the next fiscal year. Disputed matters shall be acted on independently from undisputed matters. The financial status report (FSR) report must be submitted on the form provided by the MIDC/LARA and indicate:

Grant funds received to date;

Expenditures for the reporting period by budget category; and;

Cumulative expenditures to date by budget category;

The quarterly FSR must be supported and accompanied by documentation of those grant funded expenditures incurred for the reporting period, including but not limited to:

- Personnel detail including full-time equivalency of any grant funded positions, including total compensation for that position;

Upon request, Grantee shall provide the MIDC with additional documentation/verification of expenditures under the grant within 30 days of the making of the request. Any additional documentation/verification of expenditures shall not delay issuance of a grant contract or grant disbursements. Grantee's documentation of expenditures shall be maintained according to record retention policies for audit purposes in order to comply with this Agreement. Grantee will be held to the full contribution of the Local Share within the original one-year grant period.

The quarterly FSR and standards compliance report as addressed in Section 1.5, shall be provided in accordance with the following schedule:

Initial FSR and compliance report for 10/1/22–12/31/22 – January 31, 2023

Compliance reports include narrative responses containing a description of the Grantee's compliance with Standards 1-5 and the Standard on Indigency, identifying problems or delays, actual, real or anticipated and any significant deviation from the approved Compliance Plan. Grantee will use its best efforts to provide data relevant to assessing compliance as contained in the compliance reporting template requested by MIDC. If Grantee is unable to provide the information requested by the report, Grantee will demonstrate in writing the steps taken to assess what information is currently available and how to retrieve it. Grantee also agrees to work with MIDC research staff to seek additional options or ideas for the collection and retrieval of this information.

PART II - GENERAL PROVISIONS

2.1 **Project Changes**

Grantee must obtain prior written approval for substantial changes to the compliance plan from Grantor.

2.2 Delegation

Grantee must notify the MIDC at least 90 calendar days before any proposed delegation with reasonable detail about Subgrantee and the nature and scope of the activities delegated. If any obligations under this Grant are delegated, Grantee must: (a) be the sole point of contact regarding all contractual project matters, including payment and charges for all Grant activities; (b) make all payments to the Subgrantee; and (c) incorporate the terms and conditions contained in this Grant in any subgrant with Subgrantee. Grantee remains responsible for the completion of the Grant activities and compliance with the terms of this Grant.

Where the Grantee uses a nonprofit entity to provide indigent defense services as contemplated in its compliance plan and cost analysis, this relationship is described as a subrecipient or subgrantee. The Grantee shall ensure that the contract or agreement defining the relationship with the nonprofit entity allows for reasonable access, in its sole discretion, to financial records for monitoring by the Grantee and its representatives.

A Subgrantee is required to comply with all conditions and restrictions applicable to the award given to the Grantee. The Grantee is responsible for ensuring a Subgrantee's compliance to the award's conditions and restrictions.

A Grantee must require a Subgrantee to do the following:

- Provide appropriate progress and financial reports to the Grantee;
- Be accountable to the Grantee for how it uses the State funds provided under the subaward;
- Follow applicable State rules regarding financial management, internal controls, cost principles, and audit requirements;
- Collect and provide performance data for the Grantee to include in its reports.

2.3 Program Income

To the extent that it can be determined that interest was earned on advances of funds, such interest shall be recorded in the Grantee's restricted indigent defense fund and included in the quarterly FSRs. The grant award shall not be increased by the amount of interest earned. Any grant funds attributable to interest and not spent at the end of the grant period shall be returned to the State or included in future grant awards from the MIDC consistent with MCL 780.993(15).

2.4 Share-in-savings

Grantor expects to share in any cost savings realized by Grantee in proportion of the grant funds to the local share.

2.5 Purchase of Equipment

The purchase of equipment must be made pursuant to Grantee's established purchasing policy and if not specifically listed in the Budget, Grantee must have prior written approval of Grantor. Equipment is defined as non-expendable personal property having a useful life of more than one year. Such equipment shall be retained by Grantee unless otherwise specified at the time of approval.

2.6 Accounting

Grantee must establish and maintain a restricted indigent defense fund in its local chart of accounts to record all transactions related to the Grant. The restricted fund will not lapse to the local general fund at the close of Grantee's fiscal year. Grantee shall adhere to the Generally Accepted Accounting Principles and shall maintain records which will allow, at a minimum, for the comparison of actual outlays with budgeted amounts. Grantee's overall financial management system must ensure effective control over and accountability for all indigent defense funds received. Where the Grantee uses a nonprofit entity to provide indigent defense services as contemplated in its compliance plan and cost analysis, the Grantee shall ensure that the contract or agreement defining the nonprofit entities relationship allows for reasonable access, in its sole discretion, to financial records for monitoring by the Grantee and its representatives. Accounting records must be supported by source documentation of expenditures including, but not limited to, balance sheets, general ledgers, payroll documents, time sheets and invoices. The expenditure of state funds shall be reported by line item and compared to the Budget.

2.7 Records Maintenance, Inspection, Examination, and Audit

Grantor or its designee may audit Grantee and the restricted indigent defense fund account to verify compliance with this Grant. Grantee must retain and provide to Grantor or its designee upon request, all financial and accounting records related to the Grant through the term of the Grant and for 7 years after the latter of termination, expiration, or final payment under this Grant or any extension ("Audit Period"). If an audit, litigation, or other action involving the records is initiated before the end of the Audit Period, Grantee must retain the records until all issues are resolved.

Within 10 calendar days of providing notice, Grantor and its authorized representatives or designees have the right to enter and inspect Grantee's premises or any other places where Grant activities are being performed, and examine, copy, and audit all records related to this Grant. Grantee must cooperate and provide reasonable assistance. If any financial errors have occurred, the amount in error must be reflected as a credit or debit on subsequent disbursements until the amount is paid or refunded. Any remaining balance must be reported by Grantee to Grantor by October 31 of each year as required under the MIDC Act.

This Section applies to Grantee, any parent, affiliate, or subsidiary organization of Grantee, and any subgrantee that performs Grant activities in connection with this Grant.

2.8 Competitive Bidding

Grantee agrees that all procurement transactions involving the use of state funds shall be conducted in a manner that provides maximum open and free competition, consistent with Grantee's purchasing policies. Sole source contracts should be negotiated to the extent that such negotiation is possible. Attorney contracts for representation of indigent or partially indigent defendants, and contracts for managed assigned counsel coordinators, are exempt from a competitive bid process but must meet standard internal procurement policies, as applicable.

3.0 Liability

The State is not liable for any costs incurred by Grantee before the start date or after the end date of this Agreement. Liability of the State is limited to the terms and conditions of this Agreement and the total grant amount.

3.1 Safety

Grantee and all subgrantees are responsible for ensuring that all precautions are exercised at all times for the protection of persons and property. Safety provisions of all Applicable Laws and building and construction codes shall be observed. Grantee and every subgrantee are responsible for compliance with all federal, state, and local laws and regulations in any manner affecting the work or performance of this Agreement and shall at all times carefully observe and comply with all rules, ordinances, and regulations. If Grantor terminates this Grant for convenience, Grantor will pay all reasonable costs for approved Grant responsibilities. If the parties cannot agree to the cost to be paid by the Grantor, the parties shall attempt to resolve the dispute by mediation pursuant to MCL 780.995. Grantee's duty to comply with MIDC standards is limited to funding covering the cost of compliance as set forth in the Act.

The dispute will be referred to the parties' respective representatives or program managers. Such referral must include a description of the issues and all supporting documentation. II. FY22 Compliance Planning Update

A. Overview

As of the June 2022 meeting, all 120 systems have had their plans and cost analyses approved. Contracts have been distributed to all systems. As of this writing, all 120 contracts have been returned, signed, and finalized by LARA for distribution of full funding.

In accordance with the contract, most systems received their initial payment in early November 2021 and their second distribution in January 2022, a third disbursement in April 2022, and the final distribution was issued in July. The date of expected compliance with MIDC Standard 5, independence from the judiciary, is on or after May 1, 2022 for all of these systems.

1. Implementation of Plans and Compliance

The date of first payment received and the date of expected compliance is closely tracked for every system pursuant to MCL 780.993(11). The rubric used for system assessments has been updated to reflect the new requirement of independence from the judiciary. The rubric is included in the MIDC's grant manual and is available for systems to review.

a. System Reporting - Progress Towards Compliance

Staff received the third quarter of reporting from systems for FY22 (covering April 1, 2022 through June 30, 2022) at the end of July 2022. Funding units are required to enter the following reporting in EGrAMS:

- Attorney List
- Financial Status Report
- Quarterly Program Report

MIDC Staff offered online training sessions in mid-January and posted a recording of the training on the MIDC's YouTube page for anyone to review. Staff also conducted multiple "office hours" or drop-in online support sessions for technical assistance through the end of January.

As of this writing, over 90% of the reporting has been successfully submitted by funding units and approved by staff. All requests for corrections are processed through EGrAMS; local system project directors are able to review the status of reporting, payments, adjustments, and contract terms at any time.

b. Notice of Noncompliance Issued – Muskegon County

On April 11, 2022, notice advising that the Compliance Resolution Process was being initiated was sent to the funding unit via U.S. Mail and electronic mail for the following reasons:

- Failure to provide verification and documentation of compliance with Standard 2 initial interviews of in-custody clients and initial contact with out-of-custody clients;
- Failure to provide verification and documentation of compliance with Standard 4 walk-in arraignments taken into custody without the opportunity to consult with an attorney; and
- Failure to comply with the approved cost analysis.

Muskegon stakeholders have made significant efforts toward compliance, with the assistance of Regional Manager Susan Prentice-Sao and Grants Director Rebecca Mack. I have received several written reports from the system detailing these efforts. Staff has extended the time for full compliance and will continue to provide support to the funding unit during this process.

2. Revisions to Plans

• Jackson County (action item)

FY22 Total System Cost: \$4,175,035.50 FY22 Local Share: \$561,783.17 FY22 MIDC Funding: \$3,613,252.33 No anticipated change to overall costs for FY 2022

FY23 Total System Cost: \$4,230,599.59 FY23 Local Share: \$571,775.36 FY23 MIDC Funding: \$3,658,824.23 No anticipated change to overall costs for FY 2023

Staff recommends approval

Jackson County would like to amend its FY22 and FY23 plans to incorporate circuit court Adult Treatment Court (ATC) specialty court defense services. Defense services are currently billed at \$1000 per month and paid to an attorney on the Public Defender roster list of attorneys. The monthly contract amount would remain in effect through FY22. FY23 billing would transition to an hourly basis at Standard 8 rates, estimated \$1000/month. Jackson County would like to amend its FY22 and FY23 plans to include ATC defense services, to be paid out of the Contracts for Attorneys line item.

Isabella County (action item) FY22 Total System Cost: \$1,587,916.66 FY22 Local Share: \$236,106.56

FY22 MIDC Funding: \$1,351,810.10 No anticipated change to overall costs for FY 2022

FY23 Total System Cost: \$1,600,332.76 FY23 Local Share: \$240,306.09 FY23 MIDC Funding: \$1,360,026.67 No anticipated change to overall costs for FY 2023

Staff recommends approval

The Isabella County Public Defender's Office will take over responsibilities related to indigency screening from the Court starting in FY22. If a person is eligible the Defender Office will make assignments to a staff or roster attorney as described in the compliance plan. This will drastically cut down on the time it takes to appoint an attorney through the current system and would facilitate a faster start to the attorney-client relationship. It would reduce the tasks associated with reviewing the submitted forms from the judges. The only time a judge would review a CAA form is if a Defendant arrived at an arraignment in pro per and requested an attorney, the SCAO form would be submitted to the defender office, checking the box for screening. Additionally, an appellate process will be in place whereby if the office denies a request, they could submit a CAA form to the court to overrule the defender office's determination.

III. FY23 Compliance Planning

A. Overview of process and submissions received

All funding units were required to submit a plan for compliance with all approved MIDC Standards no later than April 26, 2022, pursuant MCL §780.993. Funding units are using the MIDC's Grant Management System (EGrAMS) to do so. Training on submission was conducted by MIDC Staff at the end of March 2022, and a <u>recording</u> is linked on our website along with resources and materials for planning, including:

- An <u>application</u> for systems to address how they will comply with the MIDC's Standards. [This Word document is offered for convenience in planning; the application must be submitted through the MIDC's grant management system (EGrAMS)].
- A <u>cost analysis template</u> identifying funding required to comply with the Standards [This Excel document is for convenience in planning; the cost analysis must be submitted through the MIDC's grant management system (EGrAMS)].
 - If a system contracts with a vendor operating as a public defender office, use <u>this template</u> for planning purposes [Excel document].
- <u>Answers to Frequently Asked Questions about the Indigency</u> <u>Screening Standard</u> to assist with compliance planning, along with decision trees for <u>indigency screening</u>, <u>contribution</u>, and <u>reimbursement</u>.
- Systems are welcome to incorporate language from sample plans for compliance with the indigency screening standard, using a <u>public defender model (non-attorney employee)</u>, <u>MAC system</u>, or if the <u>court will continue screening</u>.
